Eversley Primary School– Knowledge Organiser

Science	Plants	Year 1	Spring Term

Key Knowledge

Garden Plants	Plants that people choose to grow in their gardens

Garden Plants

Wild Plants	A wild plant seed grows where it falls. It doesn't need to be planted and cared for as it grows.

Wild Plants

Weed	Wild plants that grow in places where people don't want them
Deciduous	Deciduous tree loses its leaves each year
Evergreen	Evergreen tree keeps its green leaves all year round, even in the winter

Possible Experiences

- Plant a bean or a seed and watch it grow. Record your observations in a diary.
- Go on a wild plant hunt. Create a tally chart to show how many of each plant you have found.
- Plant some garden plants, care for them and watch them grow.
- Go on a tree hunt around Oakwood Park. What types of trees can you see?
- Collect fallen leaves and identify which tree they came from using pictures to help you. Sort the leaves between deciduous and evergreen trees.

Statutory Requirements

- Identify and name a variety of common wild and garden plants
- Identify and name a variety of deciduous and evergreen trees
- Identify and describe the basic structure of a variety of common trees
- Identify and describe the basic structure of a variety of flowering plants
