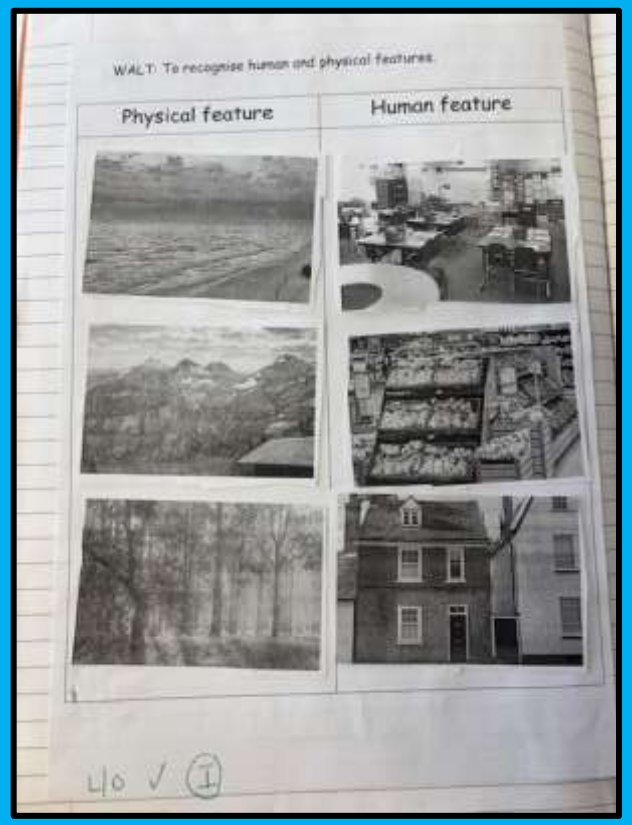
Human and physical geography



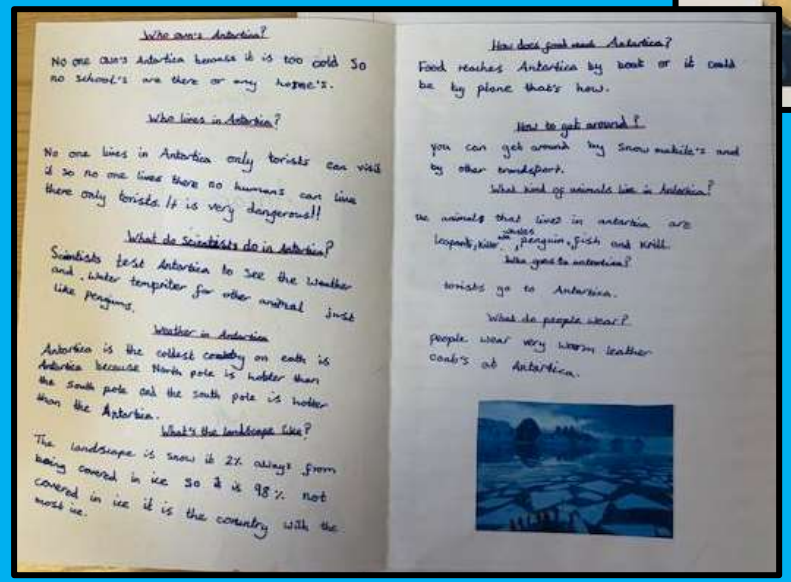
WALT: To recognise human and physical features.

Physical feature	Human feature

7.10.24

WALT: Name and locate the four countries of the United Kingdom.

Today we started learning about the United Kingdom. We used atlases and Google maps to explore the four countries that make up the United Kingdom.



Who owns Antartica?

No one owns Antartica because it is too cold so no school's are there or any homes's.

Who lives in Antartica?

No one lives in Antartica only torists can visit it so no one lives there no humans can live there only torists. It is very dangerous!!

What do Scientists do in Antartica?

Scientists test Antartica to see the weather and. Water tempriter for other animal just like penguins.

Weather in Antartica

Antartica is the coldest country on earth is Antartica because North pole is hotter than the south pole and the south pole is hotter than the Antartica.

What's the landscape like?

The landscape is snow it 2% stops from being covered in ice so it is 98% not covered in ice it is the country with the most ice.

How does food reach Antartica?

Food reaches Antartica by boat or it could be by plane that's how.

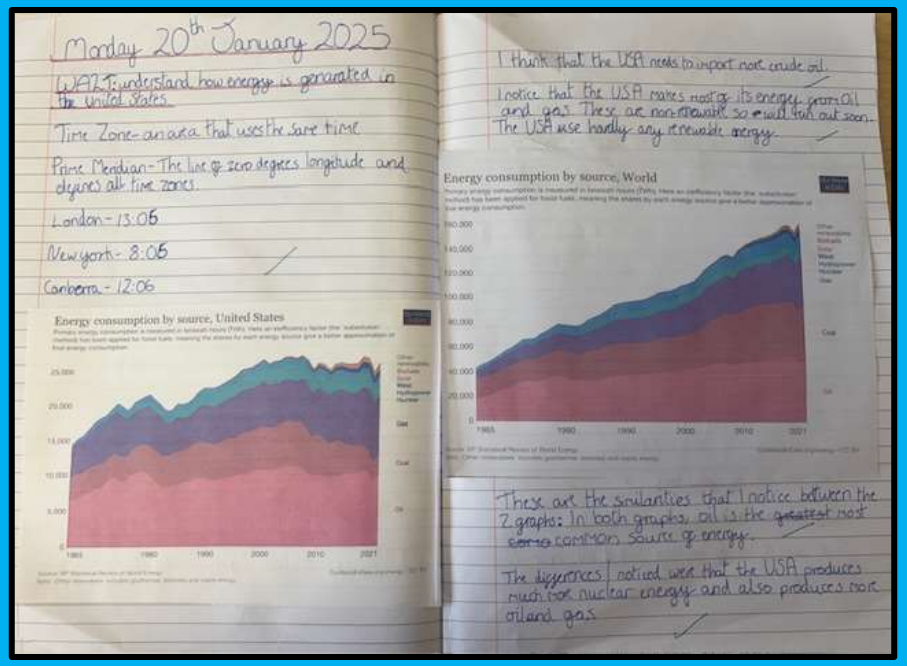
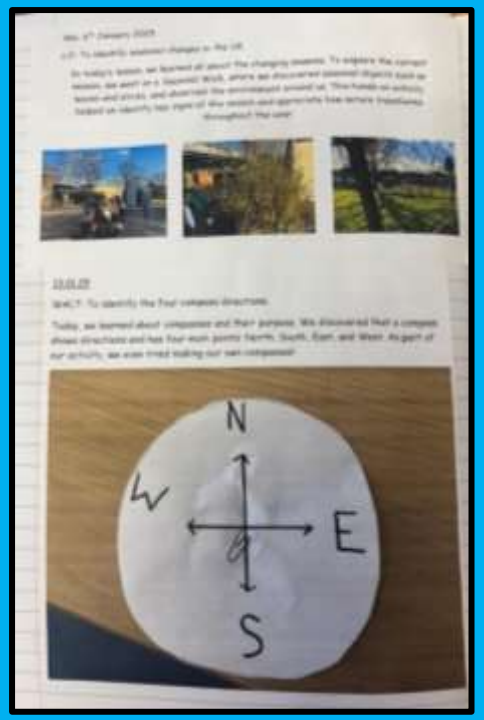
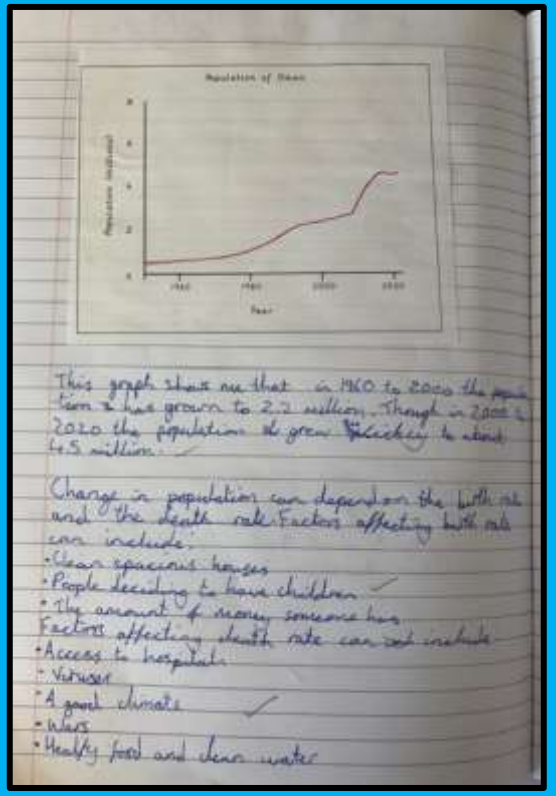
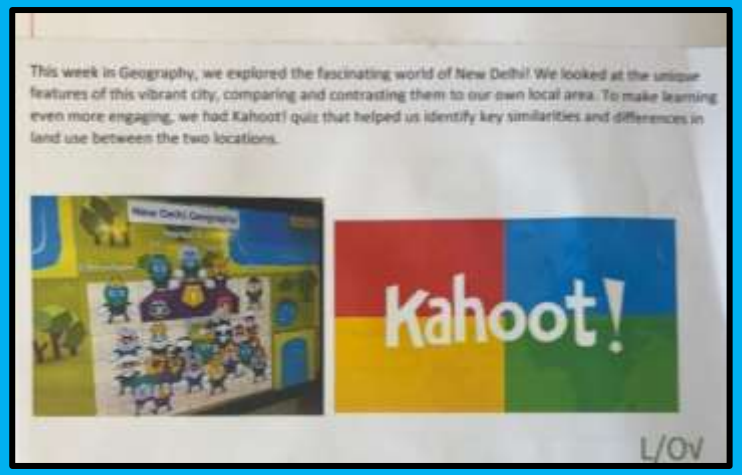
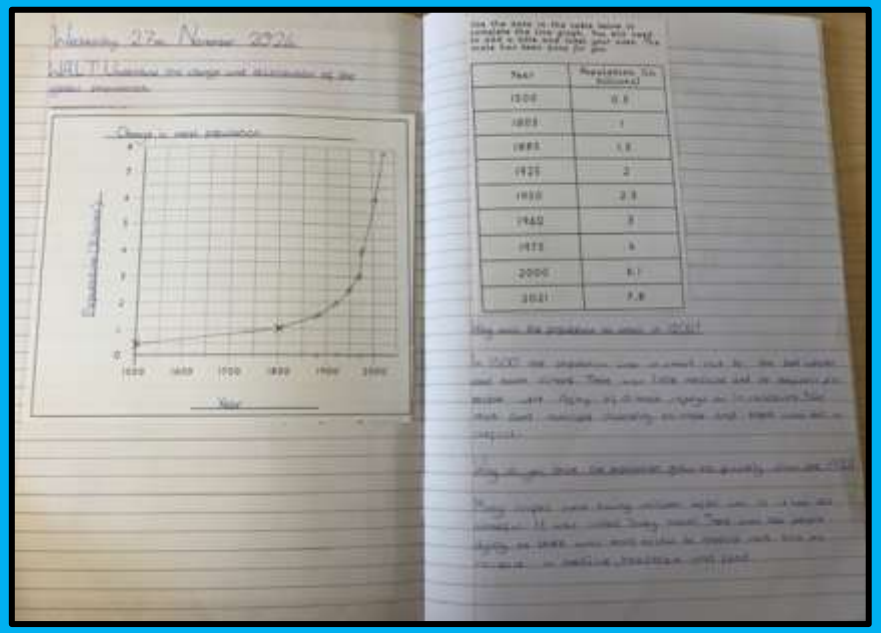
Geographical skills and fieldwork



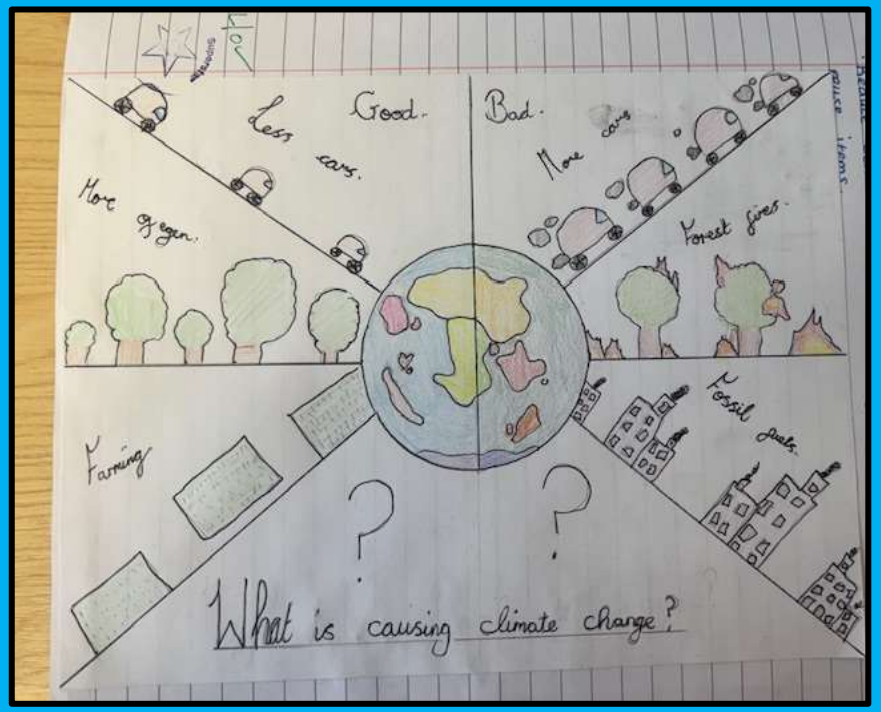


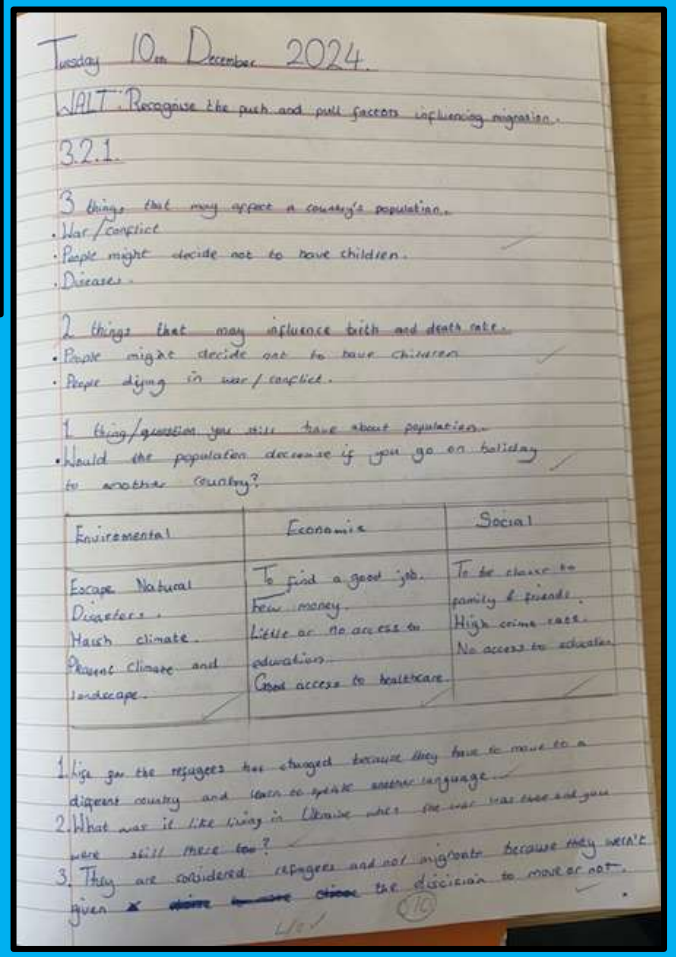






Geographical skills and fieldwork





Tuesday 10th December 2024.

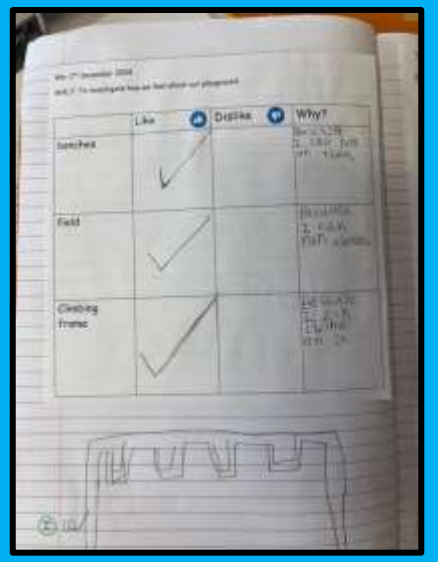
WALT: Recognise the push and pull factors influencing migration.

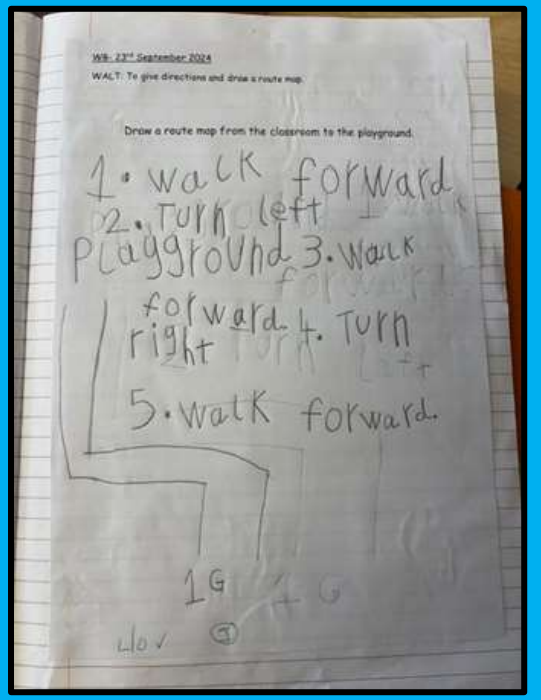
3.2.1.

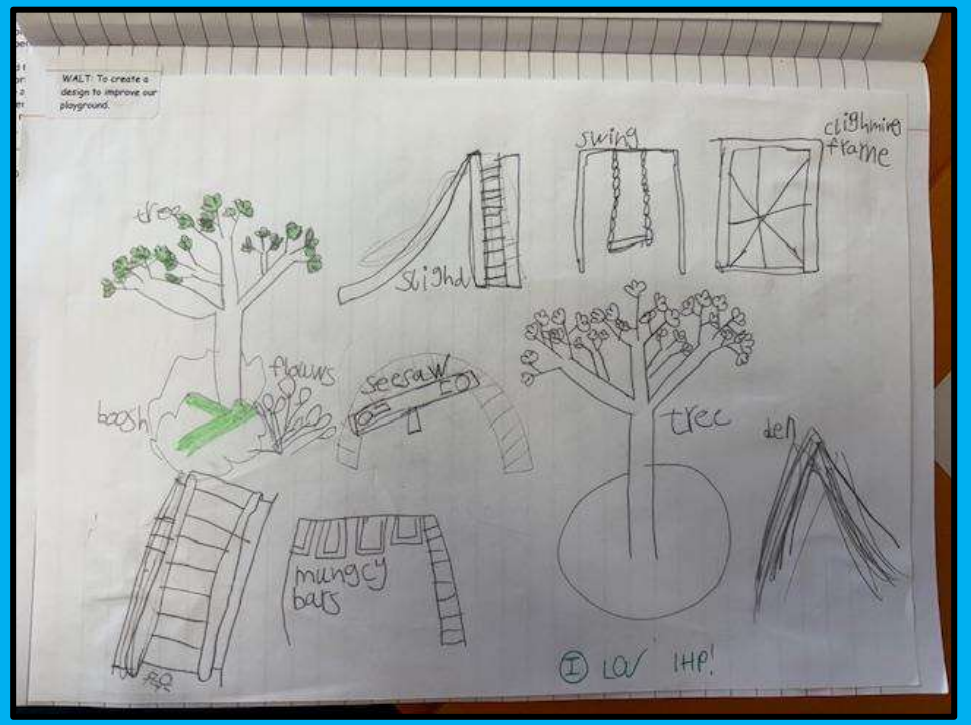
3 things that may affect a country's population.
- War/conflict
- People might decide not to have children.
- Diseases.

2 things that may influence birth and death rate.
- People might decide not to have children
- People dying in war/conflict.

1 thing/question you still have about population.
- Would the population decrease if you go on holiday to another country?

Environmental	Economic	Social
Escape Natural Disasters. Harsh climate. Present climate and landscape.	To find a good job. Few money. Little or no access to education. Good access to healthcare.	To be closer to family & friends. High crime rate. No access to education.






1. Has yes the refugees has changed because they have to move to a different country and learn to speak another language.
2. What was it like living in Ukraine when the war was over and you were still there too?
3. They are considered refugees and not migrants because they weren't given ~~x~~ ~~have~~ ~~have~~ ~~chose~~ the decision to move or not.
