September 2026

Dear Parents and Carers,

Welcome back to the new academic year!

We will be sending out a monthly newsletter filled with updates, celebrations, and highlights of everything the children have taken part in that month.

It has been a fantastic start to the year. The children have returned positive, excited, and settled happily into their new classes. We have also welcomed our youngest pupils to Reception. I am so proud of each of them, as every morning they come bouncing into school eager to learn, which is a true testament to the success of our transition programme. A huge thank you to the Reception Team, who have given up their lunchtimes to ensure all the children felt secure and supported.

We recently held our first Governors' meeting of the year, which gave Mrs. Kirkpatrick and me the opportunity to take them on a learning walk around the school. You can read their feedback and comments below.

- ***All governors commented that they were inspired by what they had seen in classrooms;***
- ***In an English lesson, governors were impressed with pupils' vocal skills and book scrutiny had shown a very good standard of written work;***
- ***Year 6 observations had shown a very good depth of learning and level of reasoning in questions;***
- ***A Year 1 Maths practical lesson showed that pupils were engaged in their learning with a strong and calm attitude to behaviour for learning. A governor commented that inclusive learning was clearly evident.***
- ***Governors were impressed that the lessons were following curriculum requirements and that a scheme of work was in place.***

Aim High and Be Kind

I am also delighted to share that our academic outcomes for 2026–2027 remain above Local Authority, National, and London averages across all areas! Thank you to our incredible staff, who work incredibly hard to ensure the children at Eversley receive an outstanding education that equips them with essential life skills.

Below, you will also find our key School Improvement Priorities for the year, which we have already begun working towards.

To strengthen inclusive practice and further improve outcomes for pupils with Special Educational Needs and Disabilities (SEND) through early identification, high-quality adaptive teaching, and effective use of graduated support in line with the new reforms.

To develop a consistent whole-school approach to mathematics, with a particular focus on improving pupils' fluency, confidence and accuracy in multiplication and division facts, ensuring that pupils build securely towards the Year 4 Multiplication Tables Check (MTC) and the expectations of the National Curriculum.

To embed critical thinking across the curriculum, empowering pupils to think critically, regulate their emotions and make informed decisions.

In Year 4 the children are bursting with excitement after receiving their Chromebooks, which will support their learning both in class and at home. This term, we will be holding 'Share with Me' mornings, giving parents of children in Years 4 to 6 the opportunity to come in, work alongside their child, and see how Chromebooks are integrated into lessons. We are also planning workshops for other year groups to give you a deeper insight into how we teach different areas of the curriculum.

Finally, in response to parent feedback, the Senior Leadership Team has put together a yearly calendar of dates for key events, performances, and trips. Please note that some dates may be subject to change; if updates occur, we will highlight them in red and resend the schedule.

Thank you, as always, for your continued support.

Best wishes,

Samantha Williams

Our value for the month of September is **Self Belief**

Attendance

One of the areas the school is working hard to improve is the attendance of children at Eversley Primary School. The United Nation Convention on the rights of the child entitles them to a Right to Education (Article 28). Children missing vital learning reduces their chances of success. Please help us to continue the upward trend by ensuring your child comes to school every day and on time.

The overall school attendance to date is 96.6 %

Birthday Book Donations

We would like to wish

Freya (Robin)
Lola (Robin)
Costas (Owl)

a very Happy Birthday and thank you for donating a birthday book to your class

A little plea for any unwanted puzzles for Reception!

We're looking to build our collection of puzzles for the lovely Reception children to enjoy!

If you have any jigsaw puzzles that are no longer being used at home, we'd be very grateful for any donations.

They don't need to be brand new, just complete and in reasonable condition.

Thank you for your continued support,

The Reception Tea

Huge congratulations to Asher, who had a phenomenal summer playing for Winchmore Hill Cricket Club!
Demonstrating outstanding dedication and skill, Asher played every game across both the U11A and U11B teams, while also representing the Middlesex North Zonal team. It was a trophy-filled season, with the U11B team winning the Under 10 North Cup.
The ultimate highlight came during the summer break when the U11A team won the County Cup against Ealing CC—navigating a tough away-match route to become County Champions. To top off a brilliant season, Asher proudly received the bowling award for the Winchmore Hill U11B team. Outstanding work, Asher!

Dear Parents,

Please take some time to watch our E-Safety Video for parents. In an ever-growing technology-driven society, it is really important that we are all aware of the potential risks and know how to keep our children safe online.

Thank you for your continued support.

E-Safety Update: Please take a moment to review our E-Safety Video Guidance for parents and carers.
